SKI TOURING COUNCIL LOOKING TOWARDS FIRST SNOW

The Greater Bethel Ski Council is in the process of enlarging its membership and scope. The Council's primary purpose will be to promote cross country skiing in the greater Bethel area.

Maintained ski trails for the free use of all area residents is one goal. Another goal will be to introduce and promote ski touring with the children who attend Crescent Park School. Co-ordinating its efforts with the Eastern Ski Association and Travelers Insurance the Council will support the Bill Koch developmental program and the Junior Racing Program. A discussion of organization of a town team should result in a more coordinated effort to support the local racers.

The next regular meeting of the Ski Council will be held at the Bethel Inn on Nov. 2, at 7:30 p. m. Work days and volunteer work on the trails will be scheduled and by-laws will be adopted. A person interested in graphic arts to work on maps is needed as well as anyone interested in ski touring.

Mrs. Betty Perkins and Mrs. Carolyn Brooks were in Boston Tuesday.

STUDENTS ARE INTERESTED IN HEALTH EDUCATION PROJECT

Enthusiasm for the Health Education Project of District #44 was evident at Telstar this week as a group of Junior and Senior High School students requested a meeting with the new Health Education Coordinator, Joan Wirth. The objective of the meeting was to give the students an opportunity to share their concerns and ideas for the health education curriculum, which is being developed this year by a community/school committee. The students of the class, with Mrs. Suzanne Taylor, their teacher, discussed the teen health problems and areas of informational needs common to their age group. Possible ways to involve students in the project were recommended to the Coordinator, and potential group activities were initially planned. The broad goal of this Health Education project is to implement an educational plan, with learning objectives for all grades (kindergarten through 12) by the fall of 1979, which is based on community needs and values in the health education area. "Listening Meetings" at which parents are invited to share their concerns and ideas with the Health Education Coordinator are being set up at all the local schools and indicated in letters going home to all elementary school parents. Future meetings will also involve high school student parents.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met in regular session on Monday evening, Oct. 23, and acted on a large and varied agenda.

A lengthy public hearing was held on the application of the Sudbury Inn for a renewal of the liquor license and their application for a Special Amusement Permit. Citizen concerns were expressed about operating hours, noise, and parking. After discussion with the owner, residents, and local police officers, the Board approved the liquor license application and voted to request the State to closely monitor the business for conformance with rules and regulations for the operation of such a facility. The Special Amusement Permit was also approved with direction of the police department to closely monitor the operation in accordance with local rules and regulations.

A second public hearing was held on the proposed Winter hours of operation at the landfill. Follow brief discussion, the following winter hours were approved effective this Sunday, Oct. 28: Monday, 12 noon to 4 p. m.; Tuesday, Closed; Wednesday, Closed; Thursday, 12 noon to 4 p. m.; Friday, Closed; Saturday, 10 a. m. to 4 p. m.; Sunday, 10 a. m. to 4 p. m.

The Board tentatively approved the draft of a land lease at the airport to allow the construction of temporary hangars. The proposed lease with an association of local pilots is being drawn up for signatures at a later date.

Paul Judkins, chairman of the Recreation Board, met with the Selectmen to discuss skating rink location possibilities. Paul indicated that Lyn Bristol is willing to lease a portion of the Wherehouse parking lot for a rink. The Board had several concerns about this location and suggested that further study be made of these concerns. They also suggested that other possibilities be investigated.

A Timber Sale Agreement for the cutting of wood at the Town Farm was signed with Malcolm Gross. This is the second year of a multi-year program at the Town Farm.

John Gray's resignation as a member of the Planning Board was accepted with regret and the Board directed that a letter of appreciation be sent.

The Manager notified the Board that the State's decision regarding the upgrade of railroad crossings in West Bethel will be to close the Cemetery Crossing, upgrade the Ferry Road Crossing with gates and signals, and to retain the Smith Crossing with signals. The Selectmen directed the Manager to inform the State that the Town will accept this decision but will also request that the State assist in the upgrade of the Smith Crossing and intersection of the present U. S. Route 2 with the old Route 2.

On the recommendation of the Manager, the Board set Dec. 15 as the deadline for the submission of warrant articles or special budget requests for the 1979 Annual Town Meeting in March. They also set Jan. 12 as the deadline for the submission of Town Report articles.

MEETING OF M. S. A. D. #44 BOARD HELD MONDAY AT CRESCENT PARK SCHOOL

The M. S. A. D. #44 board of directors held a regular meeting Monday evening, Oct. 23, at Crescent Park School.

The Telstar Student Council was represented by Brenda Mills and Tim Kersey, both active in the school's activities, who briefed the directors on events at the high school.

Marie Wilson, director of Adult and Community Education, reported that there was a total of 250 participants currently in the Adult Ed. Program.

Kenneth Smtih, superintendent, reported that the Department of Educational and Cultural Services had recommended a five year approval certificate for the M. S. A. D. #44 elementary schools. Also that Dr. Paul Peterson of Tri-County Mental Health Services is serving as the district psychologist on a temporary and limited basis.

Cliff Wing, elementary supervisor, explained a change in the music teacher assignments which gives Jerry Hefley all instrumental music and provides a more even distribution of music instruction assignments.

The following extra curricular assignments were approved: Charles Ramsey, Middle School drama coach; Robert Remington, head ski coach; Tim Kavanagh, assistant ski coach; Ellen Durgin, winter cheerleading coach.

The directors approved a bid of $1,500 from Sunday River Skiway to provide ski mountain facilities for the 1978-79 season.

The board accepted the resignation of Sheila Hebert as secretary to the superintendent. Miss Hebert, employed by S. A. D. #44 since the fall of 1971, expects to move to Arizona in the near future.

Gretchen C. Davidson of Bethel was approved as new executive secretary to the superintendent. Mrs. Davidson is a graduate of UMO, and has been a case worker for the New Hampshire Division of Welfare; secretary to the director of personnel at UNH; executive secretary to the manager of the Bethel Inn. She has taught at Maine Central Institute, Fryeburg Academy and has done tutoring at Gould Academy.

The directors voted to eliminate their current affirmative action policy and granted preliminary approval to the following new policy: "It shall be the policy of MSAD #44 to provide equal employment opportunity and treatment in recruitment, hiring, retention, transfer, promotion, and training of all employees regardless of age, national origin, race, color, religion, sex, marital status, or handicap requirements not constituting a bona fide occupational qualification and, further, to promote the full realization of equal employment opportunity for women and minority groups through a continuing affirmative action program. It shall also be the policy of the District to adhere to Title IX regulations regarding non-discrimination on the basis of sex in educational programs, employment practices, and activities which it operates." The following statement will appear on all necessary documents: "M. S. A. D. #44 does not discriminate in its educational and employment policies."

Kathy Guinness, guidance counselor at Telstar, gave a brief description of her duties. She said the basic purpose of guidance is to assist students in finding their own best solutions, and to implement positive change and growth.

All board members were present Monday evening.

The next meeting of the directors is scheduled to be held at Telstar Regional High School Monday evening, Nov. 6.

TELSTAR HOMECOMING CELEBRATION THIS WEEK

After seven weeks of hard work, the students at Telstar Regional High are celebrating homecoming this week wtih several special events.

Freedom Jam, a professional rock-group with a patriotic theme, performed in a free all-school assembly on Tuesday morning and a 50 minute concert on Wednesday night.

Wednesday afternoon during activity period, the co-ed soccer semi finals were held with the juniors and frosh squared off in one game while the seniors challenged the sophomores.

This Friday afternoon, high school students will participate in the annual Homecoming Olympiad, featuring several relay races, a pizza eating contest, and a class cheer contest.

The Homecoming Skits will be presented Friday evening. Always one of the highlights of the year, skit night features student written, student produced, and student acted skits. A small admission will be charged for the evening's entertainment.

The focal point of Homecoming, the Telstar football game against Boothbay, promises to be especially exciting. The Rebels are currently riding high, with a five game winning streak to lead the Valley Division of the MVC. After two disappointing defeats to start the season, the Rebels have been victorious every week end—flattening four of five opponents with a diversified offense.

GILEAD WOMEN'S CLUB PLANS HALLOWEEN PARTY FOR CHILDREN

NEW PHYSICIAN PROVIDED BY NATIONAL HEALTH SERVICE CORPS

Upon application by the Northern Oxford Health and Service Council (NOHSC), the National Health Service Corps has designated Bethel as a "health manpower shortage area." During the first two weeks in October, board members of the NOHSC held extensive interviews with physicians referred by NHSC. The board selection is Dr. Steven Kraus currently completing his Family Practice Residency at the University of Maryland Hospital in Baltimore, Md. These arrangements are contingent upon a written contract between NOHSC, NHSC, and Dr. Klaus.

Dr. Kraus, a native of New Jersey, is a graduate of the University of Vermont and Chicago Medical School. Helen, his wife, is a graduate of the University of Georgia and is completing her masters degree in social work at the University of Maryland.

Dr. and Mrs. Kraus plan to arrive in Bethel next summer.

LIVING NATIVITY PLANS ARE IN PROGRESS

Bethel's famous "Living Nativity" will be on Sunday, Dec. 17, this year and plans are already in progress. Several people have been contacted about chairing one of 20 committees. There are still many vacancies. Over the years, it's been found that breaking the job down into small committees accomplishes two things: one or two people aren't overwhelmed, and more people have a chance to participate "behind the scenes" as well as in the pageant itself.

So, please give a piece of your time and energy to this community project and leave your name with Lyn Bristol, either at the Wherehouse (824-2577) or at home (824-2230). She volunteered to coordinate preparations and will also direct the chorus.

A meeting will take place on Nov. 5 at 7 p. m. in the Wherehouse for all interested people, whether it be for "acting in" or "working behind" the pageant. Mark your calendars now. Let this be a family project for Christmas. Bring 'em with you.

Names will be drawn out of a hat for the Holy Family this year. Call and have yours included.

See you the 5th at 7.

PLANS IN FULL SWING FOR WINTER BALL, DEC. 9

WALKING WITH JESUS CHRIST

Attention

Now hear this—now hear this! Remember that? The Sergeant says "'tention"—the ship's P. A. system says "now hear this" — calling our attention—stop what you're doing and listen? Even at the hairdresser and at Stan's Barber Shop we must sit still in order that work can be done.

The world today stridently calls for our attention using every means at its disposal—T.V., Radio, Magazines—any kind of attraction —constantly wanting our participation—and sadly enough, by skillful ploy and maneuvers it keeps our minds from attending to the real things of life—both now and our eternal future.

The Lord, God of all "Who made all things"—(Heb. 3:4) — "earth and the heavens" wants our attention. He continually calls us "Come" hundreds of times in His Word, the Bible "Come unto me that are heavy laden, and I'll give you rest"—but, too often we refuse and reject Him. He wants to be gentle, but sometimes He takes us to the woodshed and we cry a little bit but still we do not soften our hearts to Him. Some times He takes a loved one from us—even a small child just to call our attention—but no—we don't listen and learn—instead we blame Him and even accuse Him!—when really He loves us.—We do not realize He gave His Son, Jesus, to live among us, to die a most horrible death on the cross (John 3:16) where He bled for you and me. Yet those who actually killed Him are no worse than those who reject Him now.

The Bible tells us that there will come a time when we, each of us, will say "Yes, You are Lord"—hopefully it will be before it's too late. There are those that would rather call Him Lord now and having done so fervently pray for their loved ones—family, friends, and neighbors to heed His call for attention. "That in ages to come He might show the exceeding riches of His grace in His kindness toward us through Jesus Christ." Ephesians 2:7.

POST RECEIVES AWARD—Oxford County Commander, Edward Roach, left, presents award to Commander Hermon Cummings, Jr., of Jackson-Silver Post, American Legion, following the annual membership supper last Thursday evening in Locke Mills.

SHERIFF HOWE SAYS RECORD IS GOOD

Oxford County Sheriff Alton Howe said Monday the public is welcome to visit the county jail and observe what goes on inside anytime.

Howe, Democratic candidate for re-election, responding to criticism lodged by his Republican opponent W. Gene Bickford, concerning security at the county facility, said he believes his record at jail is quite good, in as much as more than 500 prisoners have passed through the jail during the past year.

Commenting on a recent incident when an inmate walked away from a work detail, the sheriff said he is required by state statutes to allow prisoners certain liberties when they are qualified. All of the prisoners at the jail are observed before receiving either trustee or work release rights.

A trustee, he said, must be serving a sentence. Work release is allowed only those who have been held 30 days. In each instance, the inmates being considered must display the ability to take care of themselves and get along with other prisoners. Both privileges must be earned, and shows they want to better themselves, he added.

A prisoner on a work release program has an opportunity to help with expenses including board to the county, restitution that may be due, or even contribute support to the family.

Trustees assisting with work at the jail is a must, Howe declared, noting that the county budget to support the facility fails to provide for laundry service, cleaning and other labor contributed by prisoners.

Howe said that a recent escapee, who was serving on the kitchen detail at the time, was only given his rights as provided by state law to serve as a trustee.

All of these details however, will be under strict confinement when the new jail now under construction is completed, Howe said, observing that no jail is entirely security tight and that the same thing happens in others.

All of the prisoners are under strict guard, he added, and they do not roam all over the area as indicated by his opponent, Howe asserted.

Remarking on the training program for Oxford County deputies, Howe said preparations for inservice training were started some time ago, and should he serve another term, the program would be instituted.

The officers do have supervision and training, he stated. Each deputy is assigned to a special area, the sheriff concluded, which "is where they belong if they are going to be of service to the public."

Olympia Snowe knows you have to work hard to earn a living.

She wants to make sure you can live on what you earn.

You don't need an economist to tell you it's getting harder and harder to make ends meet.

Taxes take a big bite out of your paycheck,

inflation eats up a lot of the rest and you're left holding the bag – an empty one.

Olympia Snowe recognizes how difficult it's getting to make it from one paycheck to the next.

And she has answers.

She wants a 33 percent cut in personal income taxes over the next three years.

She also wants a Constitutional limit on federal spending.

She's working on ways to cut government spending so we can bring inflation under control. (The way she figures it, we can cut 25 Billion Dollars of wasteful government spending without affecting important government services.)

What's more, in her five years in the Maine legislature, Olympia's proven she has the brains, talent and guts to get things done.

As your Representative to Congress, you can be sure she'll work hard to keep taxes and inflation from gobbling up your paycheck as fast as you can bring it home.

Mrs. Roger Tibbetts and children visited her parents, Mr. and Mrs. Guyson Davis and grandmother, Mrs. Mary Brown Sunday.

Leslie Bryant rototilled the garden Monday. The ground was frozen quite hard so the few beet plants were frozen in that were still in the garden. It was 20° out back but Wednesday noon we hit 16°. Our thermometer is on the back of the house so it's much colder than it used to be when it was in front of the house.

Franklin Grange met Monday when Past Master's night was observed. Charlotte Cole had charge of the meeting and program.

George Putnam from Turner acted as Master; A. S., Richard Felt; L. A. S. Verna Swan; O., Carl Brooks; Stew., Ray Tripp; Chap., Russell Yates; Gate Keeper, Almon Harmon, Norway; Ceres, Josephine Tripp; Pom., Leona Sawyer; Flora, Madeline Berry; Lecturer, Marion Easter, Rumford.

An invitation from Bear River was read. The program would be Hunting Safely, with a speaker. The invitation was accepted.

Richard Felt, chairman of the Legislative Committee, talked on the coming election and the necessity of less State Controls as the towns have first hand information on their needs and would be more frugal in spending where it was needed most. The general trend of the public is also in that direction.

The 3rd and 4th Degrees will be conferred in West Paris Thursday night by their degree team. Franklin Grange will bring refreshments. The program was, Song, "Count Your Blessings"; Roll Call of the Officers, who came across with various numbers of stories, readings, talks, etc. Charlotte Cole and Arline Farr entertained with duets accompanied by Charlotte's faithful guitar. Closing was by singing "God Be With You" and closing thought, Charlotte Cole.

The next meeting will be young folks night on Nov. 20. Hope to see you all there.

Elton Record and 45's played at a two hour show at Oxford Hills, Oct. 20. Deven Andrews plays the bass in the orchestra.

There were 14 Franklin Grange members who attended the degree work at West Paris, Thursday, the 19th, when Rachel Mills received her 3rd and 4th degree. Many thanks go to the West Paris team. They did a beautiful job as usual.

GILEAD WOMEN MEET —PLAN TWO EVENTS

The Gilead Women's Club met at the Library on Tuesday, Oct. 17. Regular business was handled and the ladies commented that they enjoyed their dinner at the Northland Restaurant on Oct. 9.

The rest of the meeting was spent planning two forthcoming events which are held each fall. The first is the annual Halloween Party which will be for Gilead children of all ages. This will be held on Tuesday, Oct. 31, Halloween, from 7 to 8:30 p. m. at the old town hall in Gilead. Children should be pick up from the party promptly at 8:30 since this is held on a school night. It was decided to judge the comtumes by two age groups, up to age 10, and age 10 up. The categories are: prettiest, scariest, funniest, and most original. There will be a horror house, miscellaneous games, bobbing for apples, refreshments, and a bag of candy for each child to take home.

Also the women planned a food sale which will be held on Nov. 17 at the Bethel IGA.

The next regular meeting will be held on Nov. 21 at the Library. At this time, members will reveal last year's secret pals and draw new ones for next year.

Wanted:

Your old no longer used games and other children's items.

The Rotarians wish to collect these during the year and will give them out next Christmas. Leave them at the M. S. A. D. #44 bus garage in Bethel across from the Western Auto Store.

Isn't now a good time to "sort out and clean out"?
It's a good way to help yourself and others too.

— Eveline Barrett, Corres. —

I have to agree with Mrs. Hope Tibbetts of Bethel. I started two apple head dolls and they grow more hideous every day. On one I cut the mouth a bit low but it won't be talking, so may be alright. When they get a wig on and a ruffled dress they will look much different.

Such a lovely week end we had, with much traffic, raking and window washing. Oct. 29 we set the clocks back one hour to gain the hour of sleep that we lost last April. Then it will be dark before supper time.

Eveline Barrett and Doris Lawrence were at Dr. Sokol's, Lewiston, Friday, Oct. 20.

It was a busy week end at Mr. and Mrs. David Lyon's, the former Wheeler house. Their winter's supply of wood arrived; also the chimney sweep, and they are preparing to move in shortly. Maybe this week.

I was unable to attend the 50th anniversary of Clyde and Colista Morgan but heard good reports.

Callers at the Lawrences: Marie Kuvaja, Mary, Sandra, Freddie, Sherry Morse and Jamie, Eveline Barrett, Kay, Karen, Brian Eastman, Dot Smith.

Doris Lawrence went to Greenwood City Tuesday to Stevie Millett's birthday party.

ELEANOR GORDON GUILD

A meeting of the Eleanor Gordon Guild was held on Wednesday, Oct. 18, at the home of Mrs. Frances Saunders, with several members and one guest present. Devotions were led by Mrs. Abby Buswell.

Plans were discussed for the Guild's table at the U. M. W. Fall Fair on Nov. 10-11. Each member is requested to furnish fudge. Popcorn balls will be made at the next meeting, which is scheduled for Nov. 8 at the home of Mrs. Debbie Adams. This is one week earlier than usual due to preparing for the fair. Members are also requested to bring to the next meeting Christmas gifts for the Augusta hospital.

Following the business meeting, games were played and a baby shower given to Mrs. Debbie Adams. She was presented a corsage and gifts from the group.

A little kitty needed a nice home and a home needed a beautiful kitten. Through a chuckling series of events the two got together and immediately clicked.

God must have such tender love to be concerned about the little things in lives to cause to happen all the "coincidences" that led to this happening.

Margaret Mitchell held her last bead class for the summer. Several attended but most stayed only long enough to count out beads and kits, while a few made some decorations.

Berniers entertained several of their family over the week end including the Mike Bergerons, Andre Berniers, Kathy, Joe Berniers and Don Peirraults. We also were surprised with a telephone call from the Edd Berniers stationed in Germany.

The recent "sports" which recently dominated the TV brought to mind a chant I heard often as a child but have not thought of for years. Namely, "Cheat, cheat, hard to beat." I think some events would have turned me off from the game except I never got turned on past a very slow leak.

Things are going along nicely here. The High School Band is already for this week's homecoming game and are beginning to prepare for the annual Veterans Day Parade in Locke Mills.

The Bethel Community Band has been meeting on Tuesday night and all 12 of us have a great time playing everything from marches to concert music. We are looking for new members. Even if you haven't played for 30 years. So what? Dust off your instrument and come on. The Bethel Community Band wants you. That's 6:30 Tuesday night.

I had a chance to hear the High School Chorus the other day. They have improved greatly since the beginning of school and, I am sure, will be ready for a great Christmas Concert.

Letters to the Editor

To the Editor:

My travels through the District have revealed more than public concern over headline issues. Indeed, the base of much of the public frustration I have found centers on the nasty fact that, for too many, employment is low in pay and high in uncertainty. This is a pattern in much of rural inland Maine, as any working family can attest.

As people who have chosen to raise our families in this region, we must be ever sensitive to the needs of both business and labor. We must be willing to allow for public-private cooperation in raising our economic sights, and should expect our elected leaders to make use of every existing means to encourage new ideas in production and marketing. We have such means. Much work has already been done by such organizations as the University of Maine Center for Research and Advanced Study, Halsey Smith's Project New Enterprise urged a "bootstrap" approach to economic development. These efforts need encouragement and public commitment. They also need legislators who will insist on it. If elected, I will extend every effort in this direction.

Paul McGuire

Greenwood, Maine
Oct. 23, 1978

To the Editor:

I think that Paul McGuire would make a fine legislator. He has taken the time after work and on week ends to visit and talk with people. He understands the problems of ordinary working people such as myself, and I know that he would work hard in Augusta and speak out for all of us. Although I live in Greenwood and have been well represented by Rep. Don Twitchell, I would like to encourage voters in District 63 to vote for Paul McGuire, so that working people will have another effective leader in the Legislature.

Sincerely,
Leah S. Deegan

October 19, 1978

To the Editor:

The two major issues the 109th Legislature must face are tax reform and limiting government spending. Since the beginning of my campaign, I have addressed these issues. It is no secret to anyone that the property tax has become too burdensome to the average taxpayer. Since the major component of property tax bills is education spending, it is apparent that a new funding formula for education would go a long way toward reducing the property tax. The legislature must examine this problem and develop such a new formula. I am convinced that such legislation will be under close scrutiny in Augusta. I am prepared to support a new education funding act. When the people of Maine repealed the Uniform Property Tax, they were telling the legislature that they wanted a new way of funding education. The legislature must commit itself to fulfilling the people's expectations.

In order to limit government spending, the legislature must take responsibility to establish a realistic total budget at the beginning of the session and then set priorities within that budget. For too long the legislature has evaded its obligation to act responsibly in the budget process. Setting a total budget figure and establishing priorities will go a long way toward correcting this problem. I will support such a reform.

October 24, 1978

To the Editor:

I would like to say a few words regarding Karen Brown who is running for the legislature in our District. Karen is indeed ready to meet the needs of this district including, among other things, a State spending limitation, tax reform, and an amendment to the billboard law to make it more workable. Karen is an intelligent, personable, hard-working legislator in representing the people of Oxford County. She is keenly aware of their needs and has taken a particular personal interest in senior citizens. She was one of the original board to start a meal site program which is a tremendous success. She has spoken knowledgeably at a number of our senior citizen meetings and has proven herself to be honest, straightforward and ready to listen to the problems prevalent in Oxford County communities and among Maine people.

I feel strongly that Karen Brown is ready and willing to represent us in Augusta. Let us rest assured that we are in good hands—Karen's hands.

October 23, 1978

To the Editor:

After reading the letter to the editor from Citizens of Albany about our representative, Don Twitchell, I feel that the record should be set straight.

Don has been the only Representative that the Town of Stoneham has had that when asked went way beyond what is normally expected of a Representative to do and he gets results. The most recent one we (The Stoneham Rescue Service) asked of him was when the Dept. of Health and Welfare was giving us the run around about our license for our ambulance, he straightened them out in one day, so we now have it. I served on the board of selectmen for six years and during that time we called on him many times and he always went to bat for us.

Therefore it is hard for me to believe he would not do the same for any of the people he represents.

Yours,
Laurence E. Dadmun

TELSTAR 36-8 WINNER OVER DIRIGO SATURDAY

Mike Brooks scored two touchdowns and Doug Webster passed for two more in leading the Telstar High Rebels to a 36-8 Mountain Valley Conference football win over Dirigo at Dixfield Saturday afternoon.

Telstar built up a 36-0 cushion before Dirigo could cross the goal line. Brooks scored twice in the opening period on one and 23 yard runs. Webster took over in the second period and tossed scoring passes of 35 and 65 yards to Dave Myers and Robbie Harrington.

In the third period, Rick Van Deursen scooped up a Dirigo fumble and rambled 80 yards to paydirt.

Dirigo averted a shutout as Gene Allen went five yards for the touchdown and the defense dropped the Telstar quarterback in the end zone for a safety.

FREE BLOOD PRESSURE SCREENING IN NORWAY FRIDAY, OCT. 27

Henry Pelletier, pharmacist at The Medicine Shoppe at the corner of Alpine and Paris Streets, Norway, is administering a free blood pressure screening, on Friday, Oct. 27, 9:30 a. m. to 5:30 p. m. The Allied Health Nursing Service Program sponsored by Region II Vocational Centers is participating in the program.

"High blood pressure is often called the 'silent killer'," says Henry, "because symptoms such as headaches and dizzy spells, appear only in severe cases. There are more than 14 million Americans who have high blood pressure and don't know it.

"Early detection is an important step in controlling high blood pressure. A simple, painless test is an effective way to accomplish this," the pharmacist continues.

People who are black, middle-aged, over-weight, cigarette smokers, or who have a history of heart attacks or strokes are most susceptible to high blood pressure. But the disease is not limited to this high risk group—it can effect children as well as adults, whites as well as blacks.

TELSTAR HOCKEY SQUAD WINS MVC CROWN

The Telstar Rebels field hockey squad edged Messalonskee 3-2 on Friday afternoon in Oakland to capture their first Mountain Valley Conference title in several years. The team was 12-1-0 in conference play.

Two goals by Pam Bean in the last five minutes of the game led the Telstar Rebels to their victory in a game that featured several outstanding plays by both teams. The Messalonskee goalie played especially well, thwarting breakaway shots by Teen Gauthier and Jodie Deanis before yielding the game-breaking goals to Pam Bean. Telstar played excellent team defense as "Charlie" Whitten, Kelli Hutchins, Berta Smith, and goalie Brenda Mills held off several Messalonskee attacks, particularly at the beginning of the second half.

The Rebels began the defense of their State title with a game against Yarmouth on Wednesday afternoon. After both teams had gone scoreless through regulation play and a 10-minute sudden death. C-West top-seeded Telstar finally made good on Tanya Hathaway's penalty stroke for a 1-0 victory over Yarmouth.

The Rebels face the winner of Thursday's St. Dom's-Dirigo game next Tuesday at home in semi-finals. The winner will meet the victor of a Maranacook-Wells contest next Thursday, Nov. 2, in the Western Maine final. The Western winner will meet the Eastern Maine champion at UMO, Saturday, Nov. 4.

MUSIC BOOSTERS CLUB TO MEET MONDAY

There will be a reorganizational meeting of the Telstar Music Boosters Club on Monday, Oct. 30, at 7 p. m. in the Telstar Band Room. The final decision will be made on color and style of the new band uniforms. Plans will also be made for a fund-raising project.

This organization is open to all citizens of the S. A. D. #44 area. Your attendance will be greatly appreciated.

McGUIRE IS GUEST AT CANDIDATE'S COFFEE

Paul McGuire, candidate for Representative from District 63, was guest of honor at a coffee at the home of Sue Farrar on Spring Street in Bethel on Wednesday morning. The coffee, attended by neighbors and residents of the area which wished to meet or renew acquaintances with McGuire, was hostessed by Mrs. Farrar and former State Representative Emily Saunders of Bethel.

McGuire, who is a native of Mexico, a life-long resident of Oxford County and a long-time faculty member at Gould Academy, is seeking the help of voters on a door-to-door, person-to-person basis. State Representative Barbara Trafton of Auburn was also a guest at the coffee. Rep. Trafton, one of the most prominent members of the 108th Legislature, is seeking the State Senate seat in the Auburn-Minot-Mechanic Falls area. She is a native of Rumford and a graduate of Gould Academy, and met with several of her Gould classmates during her visit to Bethel, campaigning for McGuire.

AT WEDNESDAY COFFEE — Among those present at a candidates' coffee Wednesday morning at the Farrar home on Spring Street were those shown above. Standing: Lisa Fox, hostess and Paul McGuire, candidate for Representative from District 63. Seated: Celia Gorman and Rep. Barbara Trafton of Auburn.

CARD OF THANKS

I would like to thank the area residents who have allowed me to display lawn signs in their yards. I do not feel that roadsides and intersections should be littered with campaign materials, and thus, I have attempted to restrict my signs to a few private residences.

CANDIDATE BICKFORD ANNOUNCES PLANS

William Gene Bickford, Republican candidate for Sheriff in Oxford County, today announced plans he would like to institute if elected sheriff.

Bickford stresses the fact that there would be no change in deputies if he is elected. Under a new law enacted Oct. 24, 1977, sheriff's deputies are now sworn in for a three year term. If for some reason a deputy is not meeting the requirements of his office then the sheriff is in power to dismiss or replace the deputy. Bickford highly supports this law stating that it puts the deputy more in the line of law enforcement than a political job and saves the county a great deal of money in not having to train new deputies at the Maine Criminal Justice Academy.

Along the line of training for deputies, the part time deputies now employed in Oxford County, on the whole have no formal training in law enforcement. Bickford cites 20 years of experience with the Maine State Police in making his plans for training for these part time deputies. A part time deputy while on duty has all the powers of arrest and the authority of a full time deputy. Placed in such a position the deputy should be given the benefit of being fully trained for the job he is expected to do, thus making him a better law enforcement officer for the department. At the present time there is no such program made available for these part time deputies. If they desire training it is being left up to them to seek it out individually from sources other than the Oxford County Sheriff's Department.

Once an officer is trained and employed full time by the Oxford County Sheriff's Office, the training should not end there. Bickford while with the Maine State Police was given the benefit of attending many specialized schools for homicide investigation, drugs, crime scene investigation and much more. He feels that in service training programs for full and part time deputies should be conducted here in Oxford County at the Sheriff's office. Training should be offered for any new changes within the legal system, for investigative techniques, and many other areas of law enforcement. Bickford feels these in-service training programs should be held on a regular basis. At the present time there is no such program in existence. Currently if any special training is involved for the department, it is to send one or two of the men to a school out of the area and benefits only a few of the men. In service work shops would make these programs available for all the men, both full and part time.

Oxford County covers a large rural area, aside from state police many towns have no law enforcement other than the Sheriff's Department. Bickford states that one area that the Sheriff's office should develop is that of drug enforcement. Deputies should be schooled and trained in all phases of drug enforcement, including identification of drugs, their uses, effects, and harm the drugs can cause.

The area of juveniles is one that the current administration is very weak in; there is no juvenile program in existence. Bickford feels this is a very important issue, that a good working relationship with juveniles, the handling of them, dealing with the juvenile and the parents should be one of the areas the Sheriff's Office should give attention to. An officer working specifically with juveniles and their problems would free the remaining deputies to return to their patrols. Juvenile cases are a large portion of the complaints the Sheriff's Office receives and an officer trained and specializing in that field would greatly improve relations.

Co-operation among different law enforcement agencies makes a strong bond for the departments to call upon each other for assistance. Bickford feels that this is a must. Departments not working in unison cannot help but duplicate their services and areas they patrol. What this amounts to is a gross waste of the taxpayers money. Towns with full time police departments do not need two or three deputies patrolling them, their time would be better spent in rural unprotected areas.

Security and supervision of prisoners and inmates serving as trustees should be greatly improved. The fact that an inmate could simply walk away and escape undetected is inexcusable and has not been a once-only occurrence.

Law enforcement is not a Monday through Friday, 8 to 5 job, it is however one that requires seven days a week, twenty four hours a day and Bickford maintains that if elected he will make himself available on just that basis.

Bickford in traveling throughout Oxford County has found in his campaigning that the current administration is very weak in leadership, and that the Sheriff's Department can only be as effective as the man heading the department. Bickford feels that he can give the Sheriff's Office the leadership and experience it needs based on his years of experience and training received while with the Maine State Police.

OWNERS UNDER-VALUE HOMES, FURNISHINGS, POSSESSIONS

What are your home, furniture and your personnel possessions worth?

Too many property owners give that question only casual thought until a windstorm, fire or other peril damages or destroys their homes, warns the Insurance Information Institute.

While practically all homeowners have insurance against such catastrophes, literally millions are underinsured. They are not valuing their dwellings properly or are overlooking the effects of inflation, now at a double-digit rate, according to the U. S. Department of Commerce. For these reasons, the Institute advises, homeowners would do well to review their policies often and to check at least four phases of coverage.

First, the amount of insurance on a dwelling should be based on the cost of building it **today.** Neither the purchase a few years ago nor the current market value should be used as a guide.

The Institute suggests that the homeowner consult with his or her insurance representative to determine how best to estimate the replacement cost of the home. By insuring to 100% of that value, homeowners will be sure of having enough money to build a new home of the same quality should disaster strike.

If a home isn't insured to full value, it should be insured for at least 80% of replacement value. Even at that figure, a family whose $40,000 house is destroyed will have to pay $8,000 of the replacement cost because it will collect no more than the face amount of the policy — $32,000. On a $50,000 house insured to 80% of replacement value, the family will have to come up with $10,000 in addition to the insurance settlement to build a new dwelling equal to the old.

Homeowners who carefully review their policies learn—if they do not already know — another important reason for insuring to 80% or more of replacement value. If a dwelling with that coverage is damaged, the insurance company will pay the **full** replacement cost of any partial loss without figuring in depreciation, as is usually the case in settling any insurance claim.

When coverage is less than 80%, insurers pay the larger of two amounts: either the replacement cost **less depreciation;** or a portion of the current replacement value, determined by the ratio of the insurance coverage to the 80% figure.

A second important consideration for homeowners is the value of their personal property. The homeowners policy automatically covers personal property for an additional amount equal to 50% of the insurance for the dwelling, but its value today may be considerably more. The only sure way to tell is to make an inventory. The coverage can then be increased if necessary.

Furthermore, homeowners who have valuable pieces of jewelry and furs usually need extra insurance protection. The homeowners policy covers jewelry and furs for a total of only $500 in case of theft. One fur coat or a simple piece of jewelry can easily be worth more than $500.

Appraisal Needed

As a third step in securing adequate insurance, homeowners are advised by the Institute to have an appraisal made of silverware, antiques, works of art and other valuables. Usually this property also needs added coverage. The appraisal record should be kept in the safe deposit box, along with the inventory of personal possessions.

Finally, homeowners should weigh carefully the possibility that they need more personal liability coverage. All homeowners policies provide $25,000 of this insurance, to protect them and their families to that amount if a suit or claim is filed by someone for injuries, or for damage to his property.

Jury awards for hundreds of thousands of dollars, a rarity 20 years ago, have become common. Additional liability coverage is relatively inexpensive. It costs $3 to $5 to increase $25,000 coverage to $50,000, $6 to $10 to increase it to $100,000, $10 to $15 for $200,000 and $15 to $20 for $300,000.

MAKE HALLOWEEN A SAFE AND FUN NIGHT

Members of Mundt-Allen American Legion Post #81 and Auxiliary wish to remind everyone that Halloween, which will soon be here, can be one of the happiest holidays for all youngsters. In some households this year, however, it may be a very sad occasion because of the death or injury of a child member of the family. Parents, neighbors, and motorists should all have the safety of trick or treaters in mind, as a little planning and a few helpful suggestions from the adult community can make this Halloween a safe and fun night.

Parents: Send your children trick or treating early (between 3 and 7 p. m.); an adult should accompany very young children; be sure costumes are flame resistant, short enought to prevent tripping, light in color and with reflective designs or tape; have them carry a flashlight, wear make-up instead of masks which restrict vision and please, stay in your own neighborhood.

Neighbors: If you wish to participate in Halloween trick or treating, put on an outside light. It helps prevent accidents and advises youngsters that you are there and willing to distribute treats which should always be in their original wrappers.

Motorists: Beware of little ghosts and goblins on Oct. 31. Remember they sometimes forget the basic rules of pedestrian safety. Be alert and drive slowly in residential areas.

Youngsters: While enjoying Halloween trick or treating, don't forget: Walk, not run; use sidewalks; look carefully before crossing streets; don't use lighted candles in your pumpkins; and save all your treats until you get home. Too old this year for trick or treating? Let's help the little ones to safely make their rounds. Halloween is a happy holiday. Let's also make it a safe one.

STATE POLICE URGE EXTRA ALERTNESS ON HALLOWEEN

The Maine State Police encourage motorists and parents to be extra alert for the safety of children on Tuesday evening, Halloween.

"With youngsters in varied colored costumes rushing from yards and driveways, motorists should drive extra cautiously in neighborhoods where children may be "trick or treating'," said Col Allan H. Weeks, Chief of the Maine State Police. "Also, parents should be alert for related treats their children may bring home."

Although some parents may be accompanying their children, other youngsters will be on their own. Thus, in the excitement of the evening, unescorted children are likely to forget caution in crossing roads and walking along roadways.

Parents can help keep their youngsters safe by selecting bright yellow, orange or white costumes. Specifically recommended are costumes made of reflective material, or making a design with reflectorized tape (which can be bought in automotive stores). In addition, children should carry a flashlight to light their way and to provide better visibility to motorists.

With visibility greatly reduced this time of year by earlier darkness and possible rain, motorists are advised to make sure their windshield wipers are functioning properly, and to drive carefully where costumed youngsters may be walking or running along the roadway.

The Maine State Police encourage parents not to let their children eat any of the treats until they arrive home, at which time an adult can closely examine all collected goodies. Unwrapped candy should be discarded, and fruit should be examined to see if it has been altered in any way.

Greenwood City

— Mrs. Colista Morgan, Corres. —

We have wandered in the multi-colored days of fall for some time with elation and excitement. Newspapers, radio and people talked about and reported the color season: "Just beginning"—nearly at its peak"—"The peak of color is here" — "Still colorful" — "Gone by."

Now come slaty skies, brown leaves and gray autumn. But Ruth and I found glimpses of its return in places as we walked over Patch Mountain and in to Furlong Pond on Wednesday. There were a few asters tumbling down banks resembling tiny water falls, fluff from thistles and milkweeds making pools of silver in the grass, and a few birds among the trees.

We left the car and climbed the dirt road. On either side, the hills rose above us at times ribbed by the old stone walls.

Little side canyons flamed with the red of sumac and deserted and fallen houses marked the homes of earlier settlers. It made us sad to see these once good homes vandalized; windows and doors gone and anything that could be broken, utterly destroyed. Terrible!

Our minds went back to other eyes that like ours looked away into the vastness beyond. They were large, patient eyes, the eyes of those pioneers who settled here where our town began.

Their work was done by the enduring oxen. No doubt these were cheaper than the horses, and more hardy as they could thrive on forage which horses would not touch.

Looking out under the sky, we were most of the time in a land, as lonely as the sea.

We had crossed the Norway-Greenwood line some time ago and went on to the pond which reflected its setting and one cottage.

At times the sun was very warm then at others small, wan clouds far away formed on the edge of the horizon.

It was such a delightful day to return to the older time, to times when the land was cultivated and orchards flourished with fruit.

Then we came to a burst of faintest green and yellow; so beautiful, puffy, and delicate that I can't describe it. I have seen many tamaracks but nothing like these; two planted fields now reaching autumn's peak and stretching on and on thick and soft.

Across little valleys, up hills, out of sunshine into shadows we walked with scenes spreading before us. Sometimes the land closed in like a bud then expanded like a full-blown flower until it grew late and we turned back.

It was a day with "haze on the far horizon, the infinite tender sky." It will always come back to us as we saw it this week rolling against the clouds and the blue sky.

— Pauline Smith, Corres. —

Fred, Albert and Larry Fox built a chimney for their mother's home this week end.

Callers Sunday evening at Iva Fox's were Neal, Linda Allen, Pauline, LeRoy Smith.

Mr. and Mrs. Kermit Merrill and son, spent the week end at their home here.

Mr. and Mrs. Lawrence Allen, daughter and grandaughter of Massachusetts, spent the week end with Hazel Allen.

Leroy and Pauline Smith visited at their daughter's in Oxford, Saturday evening. Also calling on Alice and Arthur Knight and their good friends, Rose and Roland Young.

I attended the wedding anniversary, 40 years, of Roscoe and Janet Hill at the Center Lovell Church Vestry. About 70 were present. A lovely lunch, money tree and a good time by all. I was glad to be a friend of Janet's and Roscoe's. Pat Chandler and several others put the lunch on.

Thanks to many, the rummage sale was very successful.

Rev. Willard Bickett had a nice service Sunday. Special music. Five of the Wilson girls were in the choir.

Leroy Smith called on Roger and Donna Woodard.

Our 50th wedding anniversary party Oct. 15 at the Legion Hall, West Paris, which was prettily decorated in gold and white, will always be remembered with gratitude to our many friends and relatives who made it so enjoyable. We did not know anything about it until we read it in the paper.

I was presented a lovely yellow rose corsage and Clyde a yellow carnation boutonniere by Coburn's Flower Shop.

Our many, many cards were just beautiful.

The money tree grew green leaves until its branches were full.

The cake was made and cut by our niece, Lillian Curtis Strait, such a gorgeous thing!

But most of all we enjoyed the love and warm wishes of so many there or by mail.

Our happiness was made complete by having with us our attendants at our marriage 50 years ago, Ernest and Ina Mundt, Bethel.

On Friday we went to the Stephens Memorial Hospital to call on Ernest Morris, Edla Tamlander, and my aunt, Hattie Curtis.

Saturday, I went with Ruth Hastings, to the meeting of Retired Teachers at Fryeburg.

On Oct. 19 we had dinner with Ernest and Ina Mundt, Bethel, and spent the afternoon with them.

Ann Holt called on us on Sunday. John Curtis visited us Wednesday evening then on Thursday returned to Olney, Mont., taking a plane from Portland.

Sunday afternoon my sister, Lucy, and I visited our brother, Ernest Curtis, at St. Mary's Hospital in Lewiston. He was very ill.

Mrs. Gary Phillips, Louisville, Ky., and son Chris, are visiting her grandparents, Mr. and Mrs. Roland Hayes. Other callers were Betty and Ardell Hayes, Auburn, and Kevin Hayes, Gray.

German Diary

by Ann Morton

In order to get an overview of West Berlin's famous landmarks we took a tour by bus on Sunday afternoon. As we rode, our guide told some of Berlin's history and explained the significance of various buildings. Having seen pictures of Potsdamer Platz when it was the center of this pre-war capital city, it was strange to see acres of open, grassy fields where total destruction took place.

The Reichstag, which was burned and nearly destroyed, has been restored to its original grandeur. Only when we were close to it were we aware of thousands of square patches used to fill in bullet holes. On the lawns where so many Russians and Germans died picnickers and soccer players enjoyed the fall afternoon. The wall goes along the back wall of the Reichstag, and a stroll beside it takes you to the Brandenburg Tor, which is now in East Berlin. Originally the gate to the city, the huge bronze chariot and horses on top of this eighteenth century structure was turned so that they now face East Berlin.

Turning our backs on the barbed wire barricades, we could look down the Unter den Lichen. We were reminded that during World War II this beautiful wide street was used as an emergency air field by the Third Reich.

Looking into East Berlin from the Reichstag, we were impressed by a large modern ball-shaped structure high above the other buildings. We were told that money was collected from the East Berliners to re-build a church. Instead, this television tower was built. When the sun shines, a cross appears on the building. Attempts have been made to eliminate this cross, but it was very visible to us.

A visit to Check-Point Charlie and the escape museum there taught us much about the ways people have devised to get out of East Berlin. A cross commemorating Peter Fechter's death brought back the memories of that teen-age boy shot down by East German guards and left to die by the Wall. No one was allowed to help him, although several West German guards risked their lives trying to reach him.

We passed by and hope to return later to a number of other places: Congress Hall, where President Carter addressed the Berlin People this summer, the Victory Column with its enormous gilded Statue of Victoria; the Kaiser Wilhelm Memorial Church, its damaged steeple left as a reminder of the war damage in Berlin. Hitler's bunker was pointed out to us, but it's no longer accessible.

We came home via the Kurfuerstendamm, which is the equivalent of Fifth Avenue. Even on a Sunday with stores closed, the sidewalks were jammed with "window shoppers". Berliners love to dress up and go for a Sunday stroll.

DEN 5, CUB SCOUTS

We met Oct. 19. We made cards to invite parents to our first pack meeting. We had snacks. Also we got a pumpkin pie after the meeting. Next Den meeting is Nov. 2.

"Whiskey Jack" has been visiting Ed and Gil Seeley's yard for the past several days. Whiskey Jack, better known as the Canada Jay, also Camp Robber, and several other names, has made himself right at home at the suet station on the elm treee and the "Ball in a Cage" near the well. Whiskey Jack looks a lot like a disheveled Chick-a-dee but is much larger and bolder. He will steal your bacon and potatoes if he can. He doesn't swear as much as the Blue Jay, but has been known to provoke profanity from hunters as he notifies everyone within a half mile that a stranger is around, which of course, really irritates the still hunter and has caused Jack to be called quite a few unprintable names. He's a lot of fun to watch.

Mr. and Mrs. Samuel Sweetser and Jennifer, Rumford, called on Mr. and Mrs. Leroy Learned Sunday.

Mr. and Mrs. Rodney Hanscom and Nancy, Bethel, called on Amy and Roger Hanscom Thursday evening.

This week end we had Indian summer. The temperature got up into the 70's Sunday and gave people a chance to get in those last vegetables, rake the leaves, work on the storm windows or whateyer odd jobs have to be done before we more or less hibernate for the winter. Today though the temperatures have been mild, but the skies are as dark as before a winter snowstorm. So far we have had a spattering of rain, but, not enough to even wet the roads.

Mr. and Mrs. Daniel Hannon had for a Sunday visit Mr. and Mrs. Ross and children, Kim and Keith, from Berlin, N. H.

Halloween

There is perhaps no night in the year which the popular imagination has stamped with a more peculiar character than the evening of the 31st of October. Because it precedes All Saint's Day it is known as All Hallows Eve or Halloween, but it is clearly of pagan times and really a survival of the ancient Autumn Festival in honor of the Sun-God. Peasant superstition robbed the holiday of its original meaning and surrounded it with the delightful mystery of ghosts, witches, and hobgoblins.

Be careful of small children out trick-or-treating. We don't want any tragedies to happen to these little ones who are just out in costumes.

REALTOR
What is an Appraisal?
True, A REALTOR can suggest a selling price for your home if you intend to list it with his office. This is common practice and part of the value of selling through a REALTOR. But this should not be construed as an official appraisal.
An appraisal is the valuation of your property by a qualified Appraiser for a fee. This fee is based solely on the amount of work involved—not the market value of the property. His detailed written instrument will carry its full weight as documentation if used in any official capacity such as for tax or legal problems.
An Appraiser will provide you with a dated document which will cover in detail all the elements which go into the valuation such as: prices of comparable properties that have sold, value of location, construction, age and depreciation of the property, zoning, restrictions and reproduction cost. If it is income property he will capitalize the present and future income potential. Qualified Real Estate Appraisers will probably be members of the American Institute of Appraisers.
If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

3.5 MILLION ACRES SPRAYED FOR SPRUCE BUDWORM IN '79

Approximately 3.5 million acres of Maine Woodlands have been designated for spruce budworm spraying in 1979 according to John Walker, Director of the Maine Forest Service. The project is expected to cost about 11 million dollars. Last year, 1.1 million acres were treated with landowners paying 62% of the costs. State funds accounted for 2% with 36% of the cost provided by the U. S. Forest Service, Department of Agriculture.

Walker said adverse weather during last year's spraying operation "prevented the timely application of pesticides in many areas." The forestry chief said that this led to "heavy defoliation even in sprayed areas and means the areas will have to be treated again this year if the trees are to be saved."

Walker said that the Forest Service will form a new budworm policy advisory group composed of landowners, state and federal agencies and conservationists. He said that the objective of the new group will be to "resolve problems which appear to pose serious threats to the spray program in the short term." Walker said that chemical control of budworm "must be continued while alternative approaches are worked out." Walker said that the group will discuss such things as the size of buffer strips around dwellings and environmentally sensitive areas. He indicated that the group will also be asked to recommend policies which relate to the "growing number of communities which have expressed displeasure with spraying within their boundaries."

Walker indicated that under the Spruce Budworm Protection Act of 1976, owners of single and contiguous parcels between 500-1,000 acres may apply to have their land withdrawn from the spray program. Applications for such withdrawal must be made to the Forest Service by November 25, 1978. In addition, owners who would like to have their land sprayed may apply for inclusion in the program by the same deadline. Application forms may be obtained from Ancyl S. Thurston, Director of Operations, Maine Forest Service, Augusta, Maine 04333.

STATE OF MAINE HOUSE OF REPRESENTATIVES

Karen L. Brown

Gov. James B. Longley called the legislature back for a one-day special session last week to return $20. million to the taxpayers through a property tax credit. This surplus is an estimated amount expected by the end of the fiscal year in June after the contingencies and negotiated pay raises for state employees have been taken care of. According to a formula developed by the Governor's office, a quarter-million homeowners will receive $64.00 and 125,000 renters will receive $32.00.

This is the second refund that has been returned this year by the 108th legislature and Gov. Longley. The first was a $20. million tax relief program in March and this is a $20. million (prorated proportionately) return through a claim made on a 1978 Maine individual income tax return.

Meet Duke Dulac, some of the "big money" behind CMP.

Duke Dulac works hard for his money. He has been cutting hair in his shop on the circle in Augusta for 15 years. Duke's wife and 4 daughters have worked at the shop helping out. The girls will all graduate soon and Duke and his wife would at least like to think about retirement. That's one reason Duke bought 100 shares of CMP stock four years ago. Duke fully realized buying common stock is a risk investment because the return on that investment is not guaranteed. However, Duke hopes that someday this stock, along with other investments and Social Security, could make the difference between Duke and his wife having to depend on their daughters for support or getting by on their own.

A lot of people think the "big money" behind CMP comes from a few large, out-of-state investors. And let's face it, out of approximately 49,600 common shareholders, some do own sizeable amounts of stock, and some are out of state, but no single shareholder owns as much as 1% of our common stock. In fact, about 38,000 of our shareholders own 200 shares or less. Duke Dulac now owns 138 shares.

A few special interest groups want to keep our shareholders from earning a fair rate of return on their money, but Duke and thousands of other modest investors like him, are depending on our ability to show a reasonable profit. And, it's the funds provided by Duke and other investors which give CMP the financial ability to build the facilities necessary to serve the needs of our customers.

Duke expects a fair return on his investment. Wouldn't you?

SUTTON SURVEY RESULTS ANNOUNCED

On Saturday, Oct. 21, workers for The Sutton for Senate Campaign conducted a non-partisan poll of the people living in the Bethel Village area. Over 100 survey cards were returned and the results are as follows:

Of those people surveyed they are against building Dickey-Lincoln, for a court settlement of the Indian Land Claims Case, very much in favor of maintaining Environmental Quality, Better Law Enforcement, Reformed Tax System, Developing Solar Energy, more skilled jobs, improved highways and local planning, upgrading power facilities, zero based budgeting and a six year sunset law. Developing nuclear energy also was favored but not as strongly and the same was true for developing tourism.

In answer to the question "Your Tax Dollars — Where to Spend Them", most people placed education as their top priority followed by public health programs and energy research. Help for the poor, improved roads, day care centers and tourism were not as important to those surveyed.

This information which Roland Sutton has accumulated all over the 5th Senate District will better enable him, if elected, to serve the people of Western Maine.

Many thanks to all who participated in this important survey.

"I CAN'T MAKE HER OUT!

I think she's stringing me along," remarks the Troll (Tim Myers) to Runyon Jones (John Schachter). "The Odyssey of Runyon Jones" opens Wednesday, Nov. 1, at the Telstar High School Auditorium.

N. Y. I. HALLOWEEN PARTY

The Nazarene Youth International is sponsoring a Halloween party for the members and friends of the Nazarene Sunday School at the home of Mrs. Debra Seames on Saturday at 5:30 p. m. Visiting Mr. and Mrs. Donald Eddy at Sunset Farm recently were Mrs. William Geissler of Broad Brook, Conn., Mrs. Douglas Mallard of Enfield, Conn., and Mr. and Mrs. Ralph Ribble of Clarksville, Tex.

Three prizes were awarded by the Bethel Auxiliary of Rumford Community Hospital at the annual Hospital Fair last Thursday. The rocking chair went to Linwood Palmer, gubernatorial candidate in the Nov. 7 election; Pooh Bear to Susan Glines, Bryant Pond, and the quilt to Joan Woods of Rumford.

CAMPAIGN CHAIRMAN FOR COHEN NAMED IN WOODSTOCK

Debra Farrington, 15 year old daughter of Mr. and Mrs. Phillip Farrington, Bryant Pond, has been appointed Bill Cohen's campaign chairman for Woodstock.

Last spring Debbie's Social Studies teacher at Telstar, Eleanor Tracy, gave her class an assignment to present a written and oral report on a prominent political figure. Debbie's choice was Congressman Bill Cohen, a person she had openly admired for several years The written report was ultimately sent to Mr Cohen who was so impressed that he sent Debbie a personal note of congratulations. Others heard of the work and her award winning oral report, and in May she was asked to present her report at Oxford County Republican Candidates' Night at the Bethel Inn. Her speech was taped by radio station WOXO-FM, Norway, and it was later presented to the public as a special broadcast.

During all this time Debbie had never met Mr. Cohen until last Friday when she received a special invitation to have breakfast with him in South Paris.

If any Woodstock citizen is not approached by Debbie in the next two weeks and would like a ride to the polls, absent ballot assistance or campaign materials on Bill Cohen, call her any evening at Bryant Pond 4 ring 12.

In his campaign, Paul McGuire has gone door-to-door, person-to-person through District 63. He will continue right through to the election. You have spoken and he has listened. Paul has the qualities of mature judgment and leadership, as well as experiences as a parent, wage-earner, and educator, to speak out in Augusta—and be heard.

Paul McGuire stands strongly for tax relief and tax reform, for the rights of the elderly to employment and health care, for wise management of natural resources. Paul McGuire stands for the working people of the 63rd District.
